

# Cleantech Services Network Training and Professional Development Log

Members of Toronto Hydro’s Cleantech Services Network are required to participate in **at least one training session per year** amounting to at least two hours of training related to climate action, decarbonization or energy efficiency in order to maintain their membership and a place on the Cleantech Services Directory. Training sessions may be in the form of workshops, conferences, webinars, courses, certificates and more.

Please provide at least one example of the training and professional development opportunities that you and/or your employees completed throughout the year and email the completed form to [cleantech@torontohydro.com](mailto:cleantech@torontohydro.com). Our Climate Action team may contact you if they have any questions regarding your submission.

Submissions for training and professional development opportunities undertaken during the year are required by January 31 of the following year.

## Contact information

Legal business name	
Point of contact’s full name	
Point of contact’s email address
